

**TRYSIL  
PANT**

UNI  
44-62  
WR10326  
KR. 1799

**Colors**  
Black

The Trysil pants are made from a stretchable and quick-drying material and are constructed with triple seams for durability and comfort during work. The belt buckles on the right and left sides with Velcro allow for the attachment of a hammer holder. The pants have a belt with a buckle for individual adjustment.

They feature fixed cargo pockets and various other pockets and loops for storing tools and accessories. Reinforced sections at the knees and on the outside pockets make it easy to remove or insert knee pads as needed. The reinforced edge on the pants helps to limit wear in a vulnerable area. These are pants that provide freedom of movement while maintaining the necessary durability throughout a workday.

**Technical description:** Main fabric: 90% Nylon,10% Elastane, Panel: 100% Nylon.
