Stay warm and comfortable in the Cerium Jacket - crafted from certified polyester with a luxurious, thick teddy fleece finish. The soft, insulating material traps air effectively, keeping you warm even on chilly days.

Designed for comfort and protection, the jacket features a high collar with a chin guard and an inner storm flap along the full-length zipper to block out cold air. Practical details include two side pockets, an inner pocket, and an external chest pocket - all with secure zippers, giving you plenty of room for essentials.

Reinforced elbow patches reduce wear in high-stress areas, while smooth panels on the front and back provide an ideal surface for logo printing. Elastic bindings at the hem and cuffs ensure a snug fit, and thumbholes at the sleeve ends add extra warmth and functionality. Perfect as a stand-alone outer layer on mild days or as a cozy mid-layer when the temperature drops - the Cerium Jacket delivers comfort, durability, and style in one.

Technical description: 100% Polyester.
